

News

Welcome to our latest newsletter, I hope you all had a great summer (and a mild winter for those of you in the southern hemisphere). It has been about three months since I issued the last newsletter, it is quiet in the summer as many volunteers are off on holidays, but listed below are details of special offers, new items and projects we are working on currently.

We have added a new payment method, you can now pay by Bank transfer (only suitable for UK bank account transfers), we are looking for an alternative to Paypal and may have some news next time. You do not have to have a Paypal account to use this payment option, when you use checkout and are taken to the Paypal payment screen, just look below the Paypal login boxes and select the option to pay using any debit or credit card (except overseas customers, a Paypal restriction I'm afraid).

I have now moved the Information panel to the top right of the shop home page, so you can view key information, the site map and how to contact us.

Special Offers

The following products are on special offer while stocks last (click on the link to go to item in the shop).

Some of the following use coupon codes. To use coupon codes, add item(s) to shopping cart, go to shopping cart and add coupon code to get discount, then go to checkout to pay as normal:-

- [The National Burial Index](#), RRP ~~£30~~, our price ~~£26~~, now reduced to **£23**

How to use Search

The search facility has changed since we upgraded the shop software in December 2013. To find an item, enter the search criteria in the search box at the top right of the screen and press enter/click on the magnifying glass symbol. You will then get a list of products that meet the search criteria, however, there could be more items available, if you click the "Search in product descriptions" button and click on search, more products could be displayed. If you get too many items returned, you can restrict the search by selecting a Category, eg Staffordshire or maps, etc.

You can now display results of your search either as a list or as a grid. You can select how many items to display per page and also select how to sort the items on the page, eg by Name(A-Z), Price(low>high), and more.
