## Volunteers Wanted

We currently have volunteers all over the World who help with transcribing work for our many projects. If you have some spare time and would like to volunteer to help with transcribing, please go to this [link](#) in the shop and register or get in touch via the contacts details at the end of this newsletter. All you need is a PC with an Internet connection, we will provide all the information required to get started.

## How to use Search

The search facility has changed since we upgraded the shop software in December 2013. To find an item, enter the search criteria in the search box at the top right of the screen and press enter/click on the magnifying glass symbol. You will then get a list of products that meet the search criteria, however, there could be more items available, if you click the “Search in product descriptions” button and click on search, more products could be displayed. If you get too many items returned, you can restrict the search by selecting a Category, eg Staffordshire or maps, etc.

You can now display results of your search either as a list or as a grid. You can select how many items to display per page and also select how to sort the items on the page, eg by Name(A-Z), Price(low>high), and more.

## Feedback

We would welcome your feedback on our shop newsletter, is it too long, too short, is there anything else you would like to know about the shop. Are there products you would like adding to the shop?
